

2022 Town of Windham Report

by Southern New Hampshire Planning Commission

The Southern New Hampshire Planning Commission (SNHPC) provides a wide range of services and resources to help member communities with a variety of land use planning and transportation challenges. Each year, with the approval of appointed representatives, the Commission's skilled staff designs and carries out programs of regional significance mandated by New Hampshire and federal laws or regulations. The Commission also works with Community staff, land use board volunteers, and governing boards on a variety of local projects.

Often, community stakeholders request assistance from SNHPC for traffic, pedestrian, and bicycle counts, grant assistance, specific studies, mapping, and facilitation services. Technical assistance is provided in a professional and timely manner as SNHPC carries out projects of common interest and benefit to all member communities; and keeps officials apprised of changes in planning and land use regulations.

In 2022, the Commission provided the Town of Windham with assistance on a number of local planning efforts including:

- Conducting traffic counts
- Performing demographics work for the Windham Master Plan
- Completing trail mapping projects on behalf of the Conservation Commission, including Windham Rail Trail, Clyde Pond and Gage Lands.

The following table details services performed for the Town of Windham during the past year and includes both hours worked specifically for the Town and for regional projects involving multiple municipalities. In the latter case, the total hours spent by SNHPC staff are divided equally by the number of communities, resulting in time allotment attributed to each community. Examples of regional projects are the development of the New Hampshire Department of Transportation (NHDOT) Ten-Year Transportation Improvement Plan and the development of the Regional Housing Needs Assessment.

Hours	Description
89	Conducted traffic counts at 18 locations in the town, including Lowell Rd north of Cobbetts Pond Rd which reported approximately 7,430 Annual Average Daily Traffic (AADT).
80	Continued to update the Regional Housing Needs Assessment in collaboration with other Regional Planning Commissions. Provided multiple outreach opportunities including surveys, virtual community conversations, and social media options. Conducted data analysis and research on various elements that impact housing. Developed a draft report scheduled to be released in early 2023. Hosted a virtual technical session on New Hampshire Housing Finance Authority's Housing Opportunity Planning Grant application.
34	Participated on Regional Transportation Coordinating Council (RCC) to better coordinate public and human service transportation options locally and regionally. Tasks included scoping and developing budgets for transit-related projects, serving as lead agency for FTA 5310 funds for

Hours	Description
	combined Manchester-Derry-Salem region, and coordinating with stakeholders to finalize and implement a regional Mobility Manager position. Additionally, staff oversaw a comprehensive update of the 2016 Coordinated Public Transit-Human Services Transportation plan by updating figures, garnering RCC and RPC input, and collating into a finished document which was approved in September.
31	Coordinated an update of the FY 2025-2034 Ten-Year Transportation Improvement Plan which highlights transportation system improvements for the region. The process included guidance to communities, review of projects, and presentations to the TAC and MPO Policy Committees. Provided ongoing updates and revisions to maintain project funding and scheduling.
28.5	Conducted feasibility analysis of potential sites for public Electric Vehicle (EV) charging infrastructure for inclusion in a regional charging plan. Viable sites for DC Fast Charging and Level 2 charging were identified by analyzing traffic volumes and various site features and amenities including availability of Phase 3 power required at potential sites along state routes.
20	Worked with Windham's building department to obtain building permit data on new housing units and commercial developments in order to determine roadway network and travel pattern changes for input in the SNHPC regional travel demand model.
19	Reviewed the Town of Windham's existing components for the regional Intelligent Transportation System Architecture for a required update. Verified architecture for compliance for federal funding.
19	Developed a methodology for determining equity analysis areas within the region. Began investigating possible transportation related disparate impacts and adverse effects on Title VI/Environmental Justice classes and other vulnerable groups.
13.5	Continued assistance to the Windham Conservation Commission on mapping projects for the Windham Rail Trail, Clyde Pond and Gage Lands. Presented findings and incorporated feedback.
13	Facilitated a "Pathways to Play" project to assess access to recreational facilities in each of the 14 communities in the SNHPC region with a goal of reducing childhood obesity. Mapped recreation facilities, conducted a region-wide survey, and continued to engage community stakeholders.
11	Participated in the efforts of the Alliance for Healthy Aging (AHA) Transportation Committee to provide Age-Friendly Community Assistance. Worked with multiple agencies and stakeholders across the state to ensure a coordinated effort to improve transportation awareness and options for older and disabled adults, immigrants, veterans, minority, low-income, and other vulnerable populations. Worked toward a statewide transportation needs assessment (ongoing). Assisted with a statewide volunteer driver recruitment initiative that culminated with a website and multi-media outreach campaign. For more information: https://nhaha.info/volunteer-driver-initiative/
10	Performed demographics work for the Windham Master Plan as requested by the Planning Director.
7	Represented RPCs on the State Coordinating Council for Community Transportation (SCC) to better coordinate transportation options throughout New Hampshire; participated in monthly meetings, provided insight regarding volunteer driver program initiatives and transportation needs for older adults, and contributed to a statewide proposal to assess the transportation needs of older adults.
5	Hired a regional Mobility Manager, a new position working to better understand transportation needs and coordinate transportation services in the region. Work focused on assisting homebound individuals to utilize existing transportation services for medical appointments and essential errands, identifying needs and barriers to transportation, understanding needs of community transportation and human service providers, and improving coordination between different services to meet the needs of all individuals.

Hours	Description
4	Developed a regional Rail Trail Passport program in celebration of Bike to Work Month, in which one participant won an e-bike donated by a local bike shop. Worked with community representatives to provide outreach and education on local trails throughout the region.
4	Began updating the region's Climate Action and Adaptation Plan (ongoing project).
2	Hosted CommuteSmart NH challenge to encourage multi-modal trips (transit, carpooling, bicycle, etc.) to help residents save money, reduce wear and tear on their vehicle, help relieve congested roads, and live a healthier, less stressful lifestyle.
1	Assisted Town staff in writing a CMAQ letter of intent.
1	Coordinated with Rockingham Planning Commission, Strafford Regional Planning Commission, and Nashua Regional Planning Commission on a joint Safe Streets for All grant application to identify potential transportation safety improvements in the region.
