

BIKE-PED COUNTING

Season in Review

SNHPC MPO
November 28,
2023

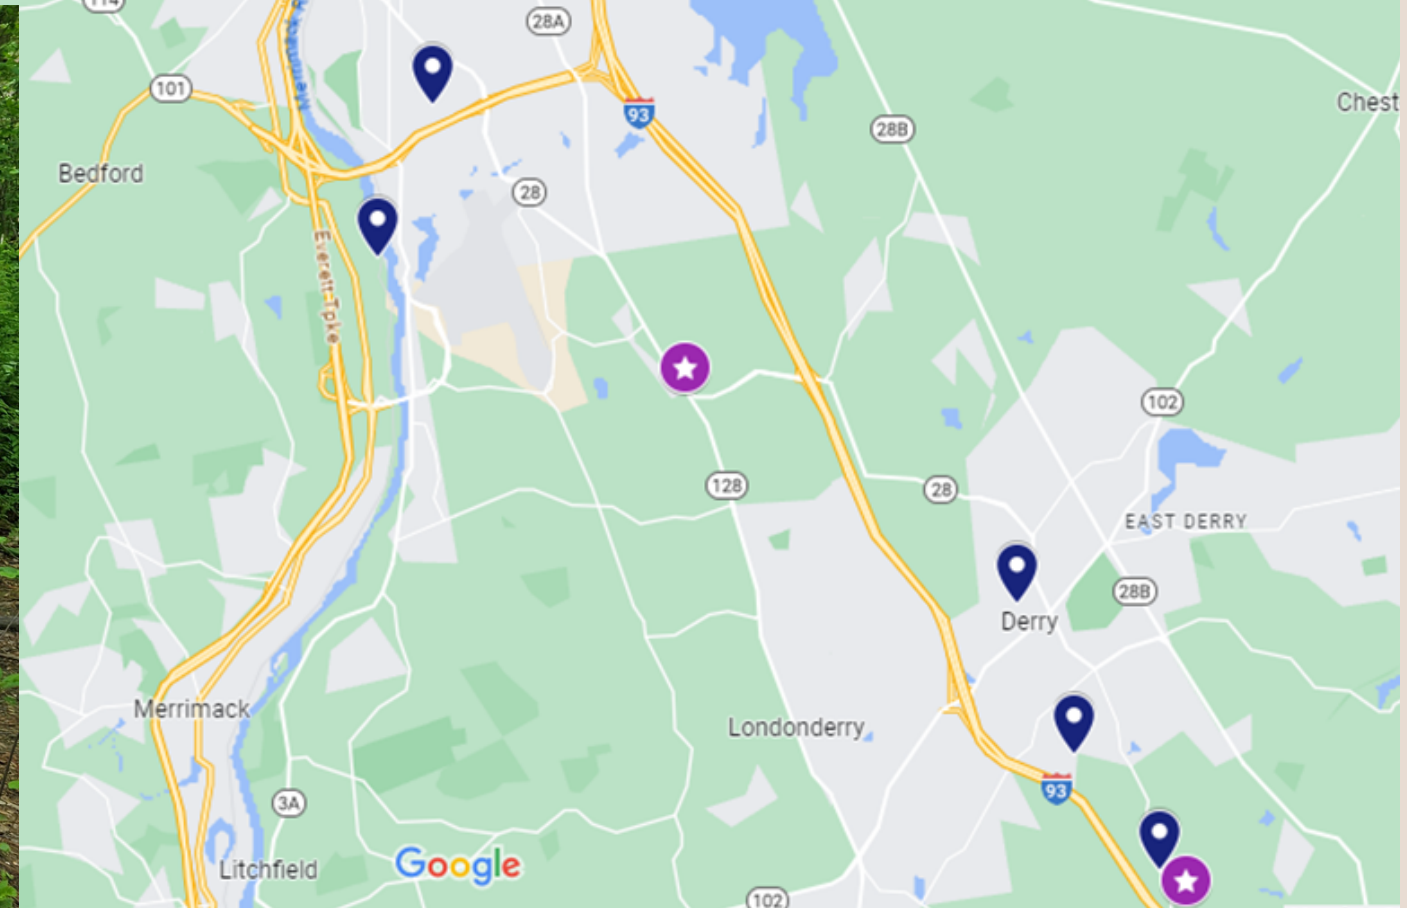

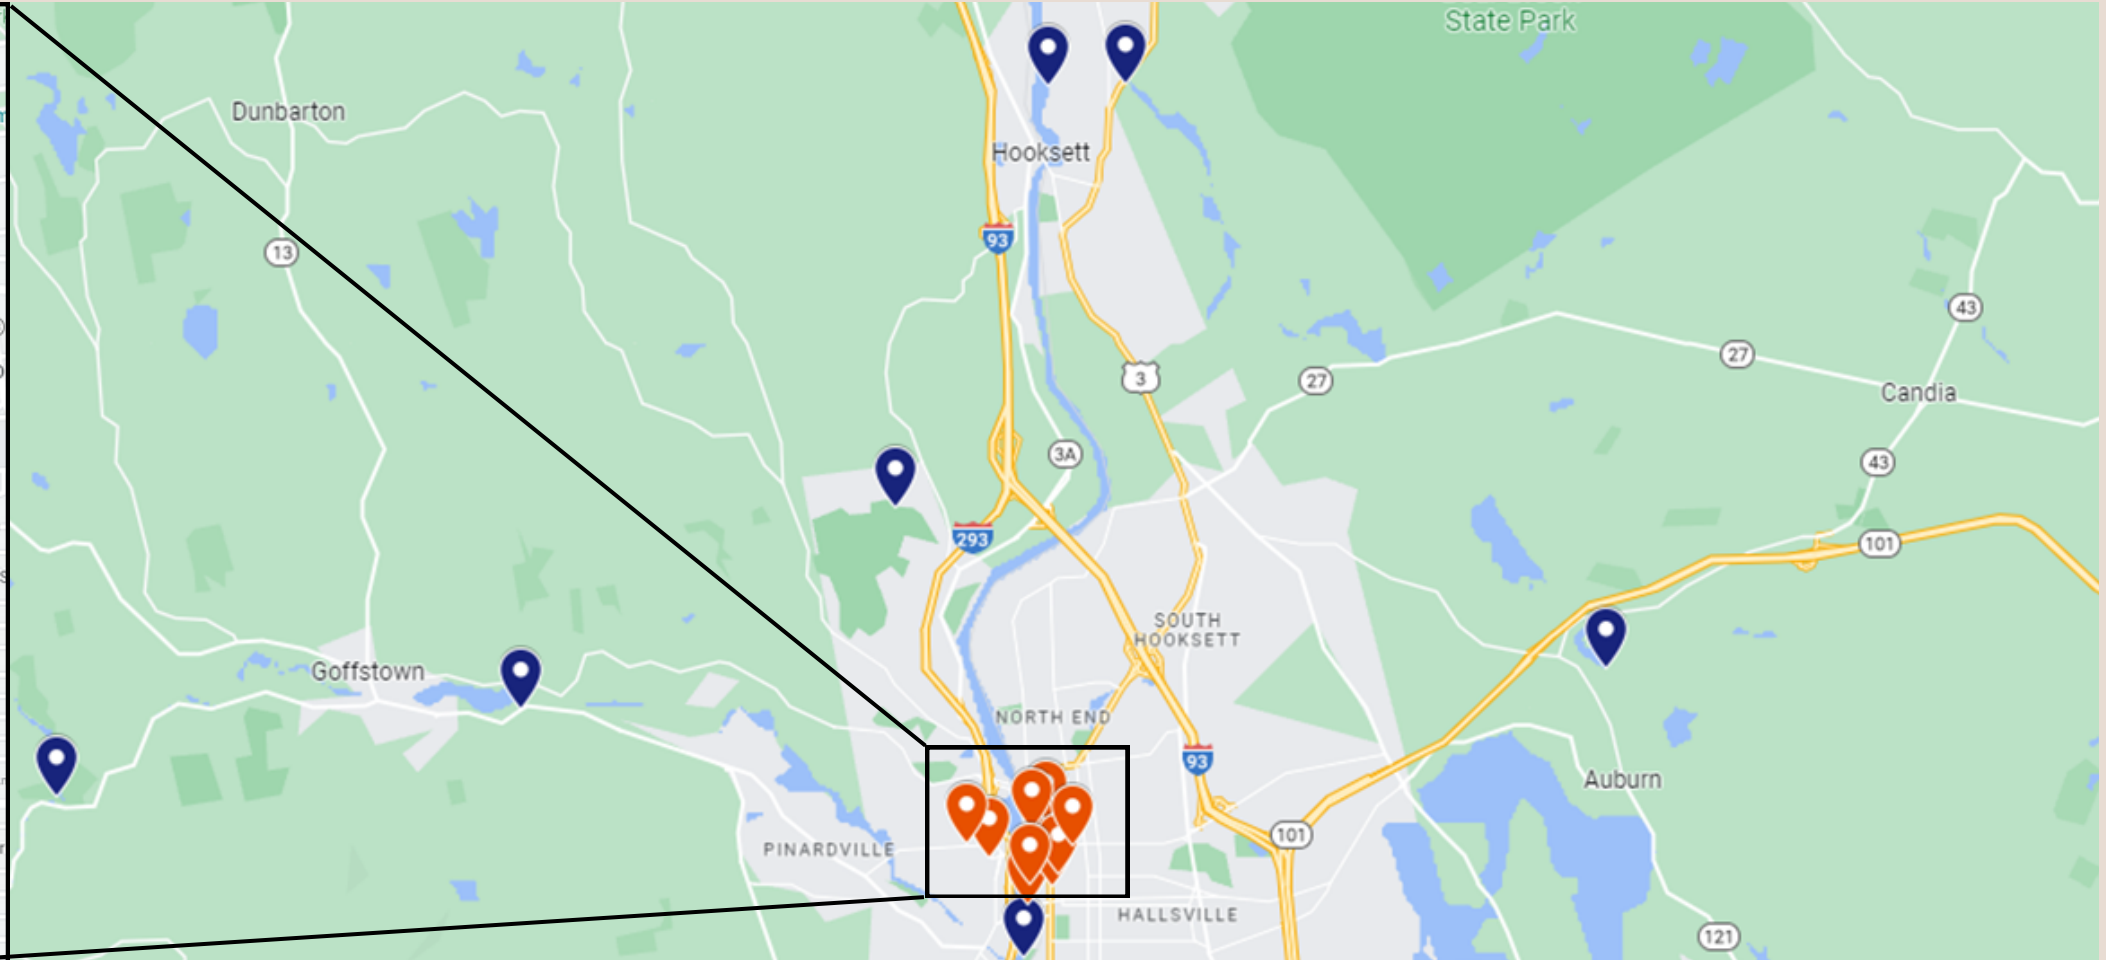

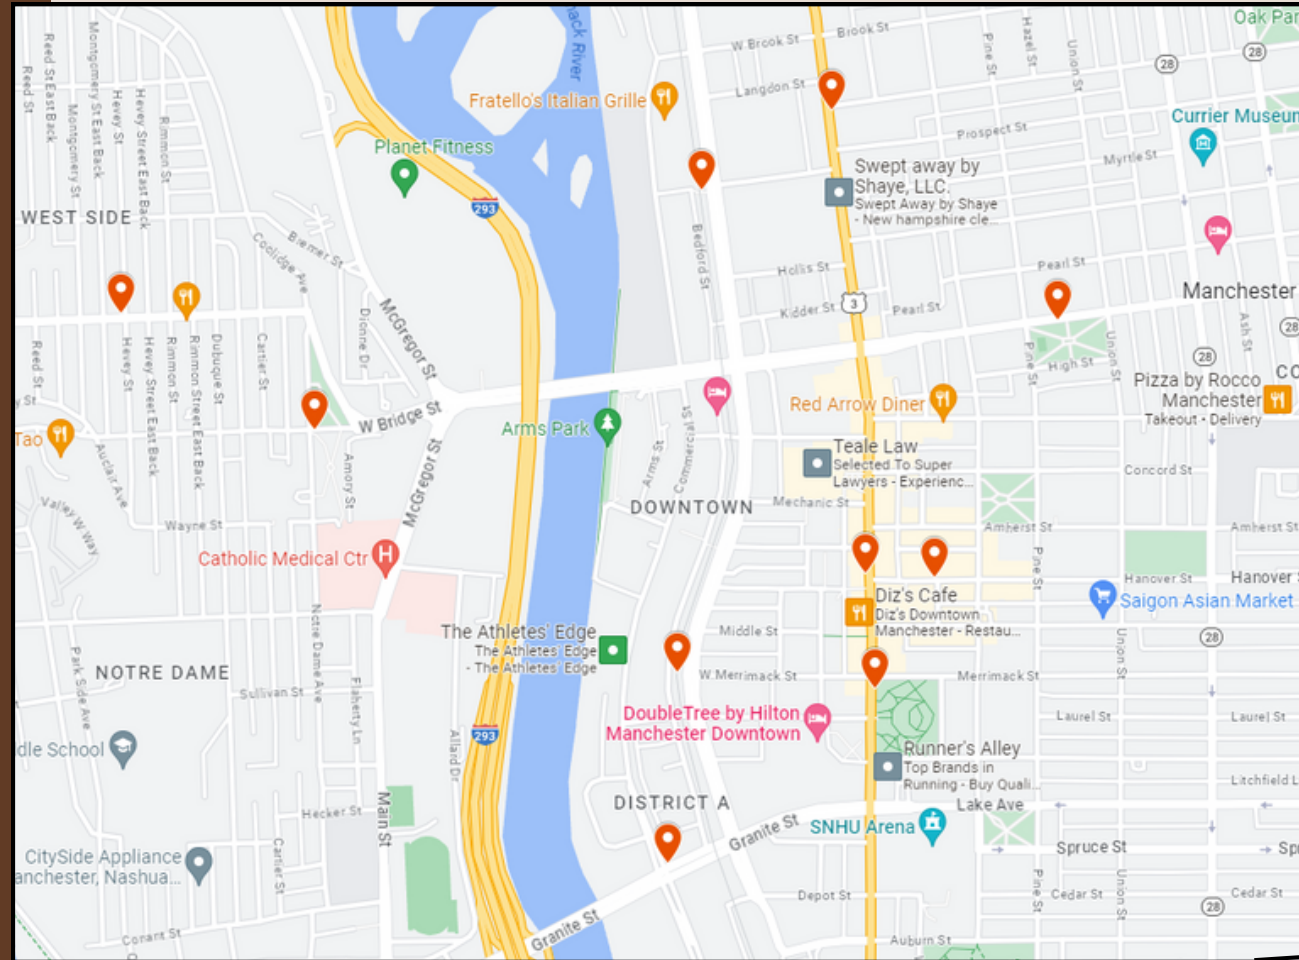

BY THE NUMBERS

- Program began in 2017
- 3 week counts year-round.
- 64 locations
 - 24 sidewalk counts.
 - 40 trail counts.
- Four bicycle/pedestrian counters
 - 2 EcoCounter infrared counters.
 - 2 TRAFx infrared counters.

2023 PEDESTRIAN COUNT LOCATIONS

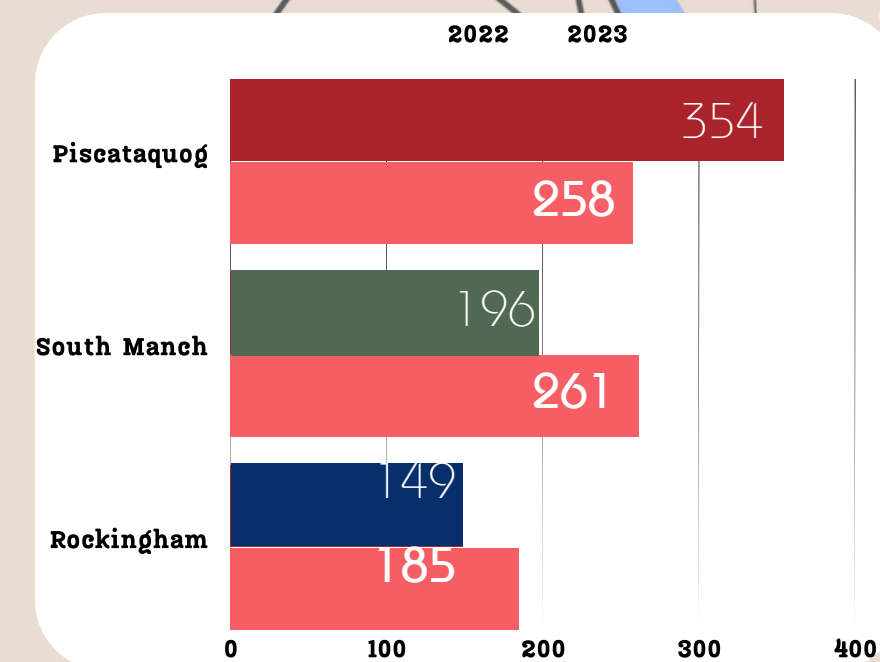

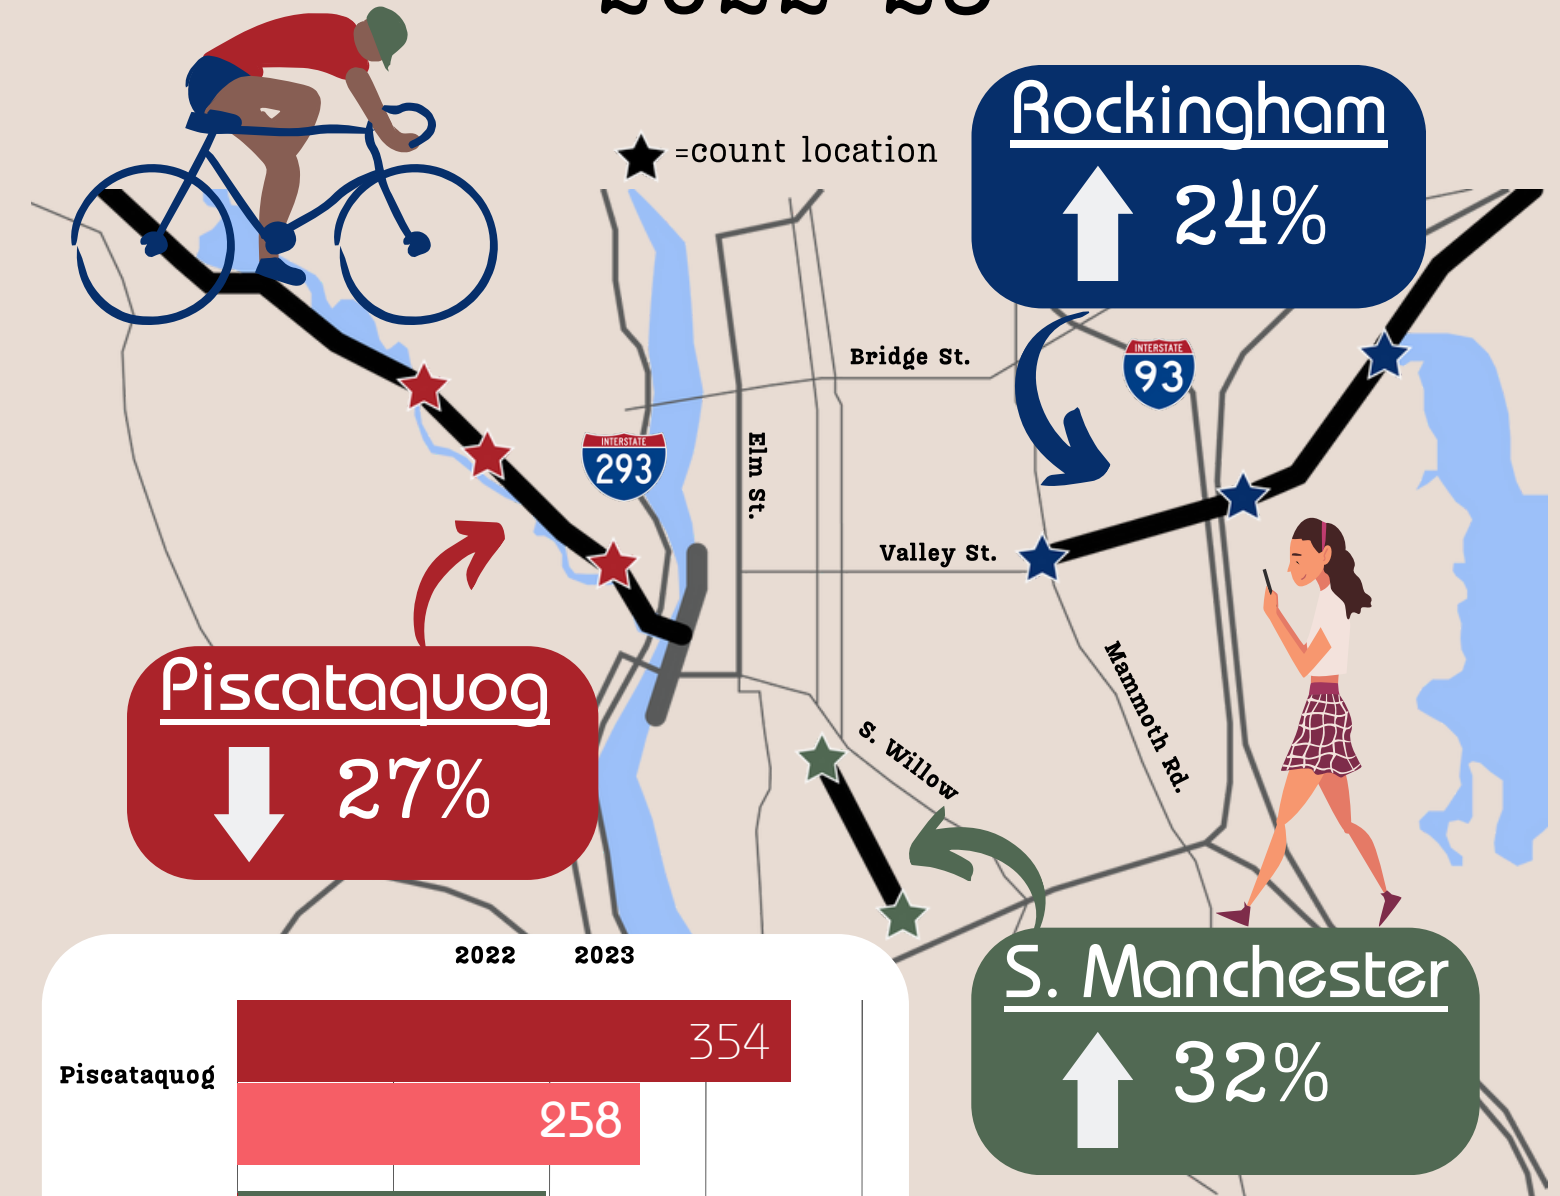

MANCHESTER TRAIL STUDY

MANCHESTER TRAIL USAGE

2022-23

- First completed, spring 2022
- 3 counters on:
 - Piscataquog, Rockingham.
- 2 counters on:
 - South Manchester
- Data/observations in 12p report
- Study repeated, spring 2023
 - More concise format, year-over-year comparisons

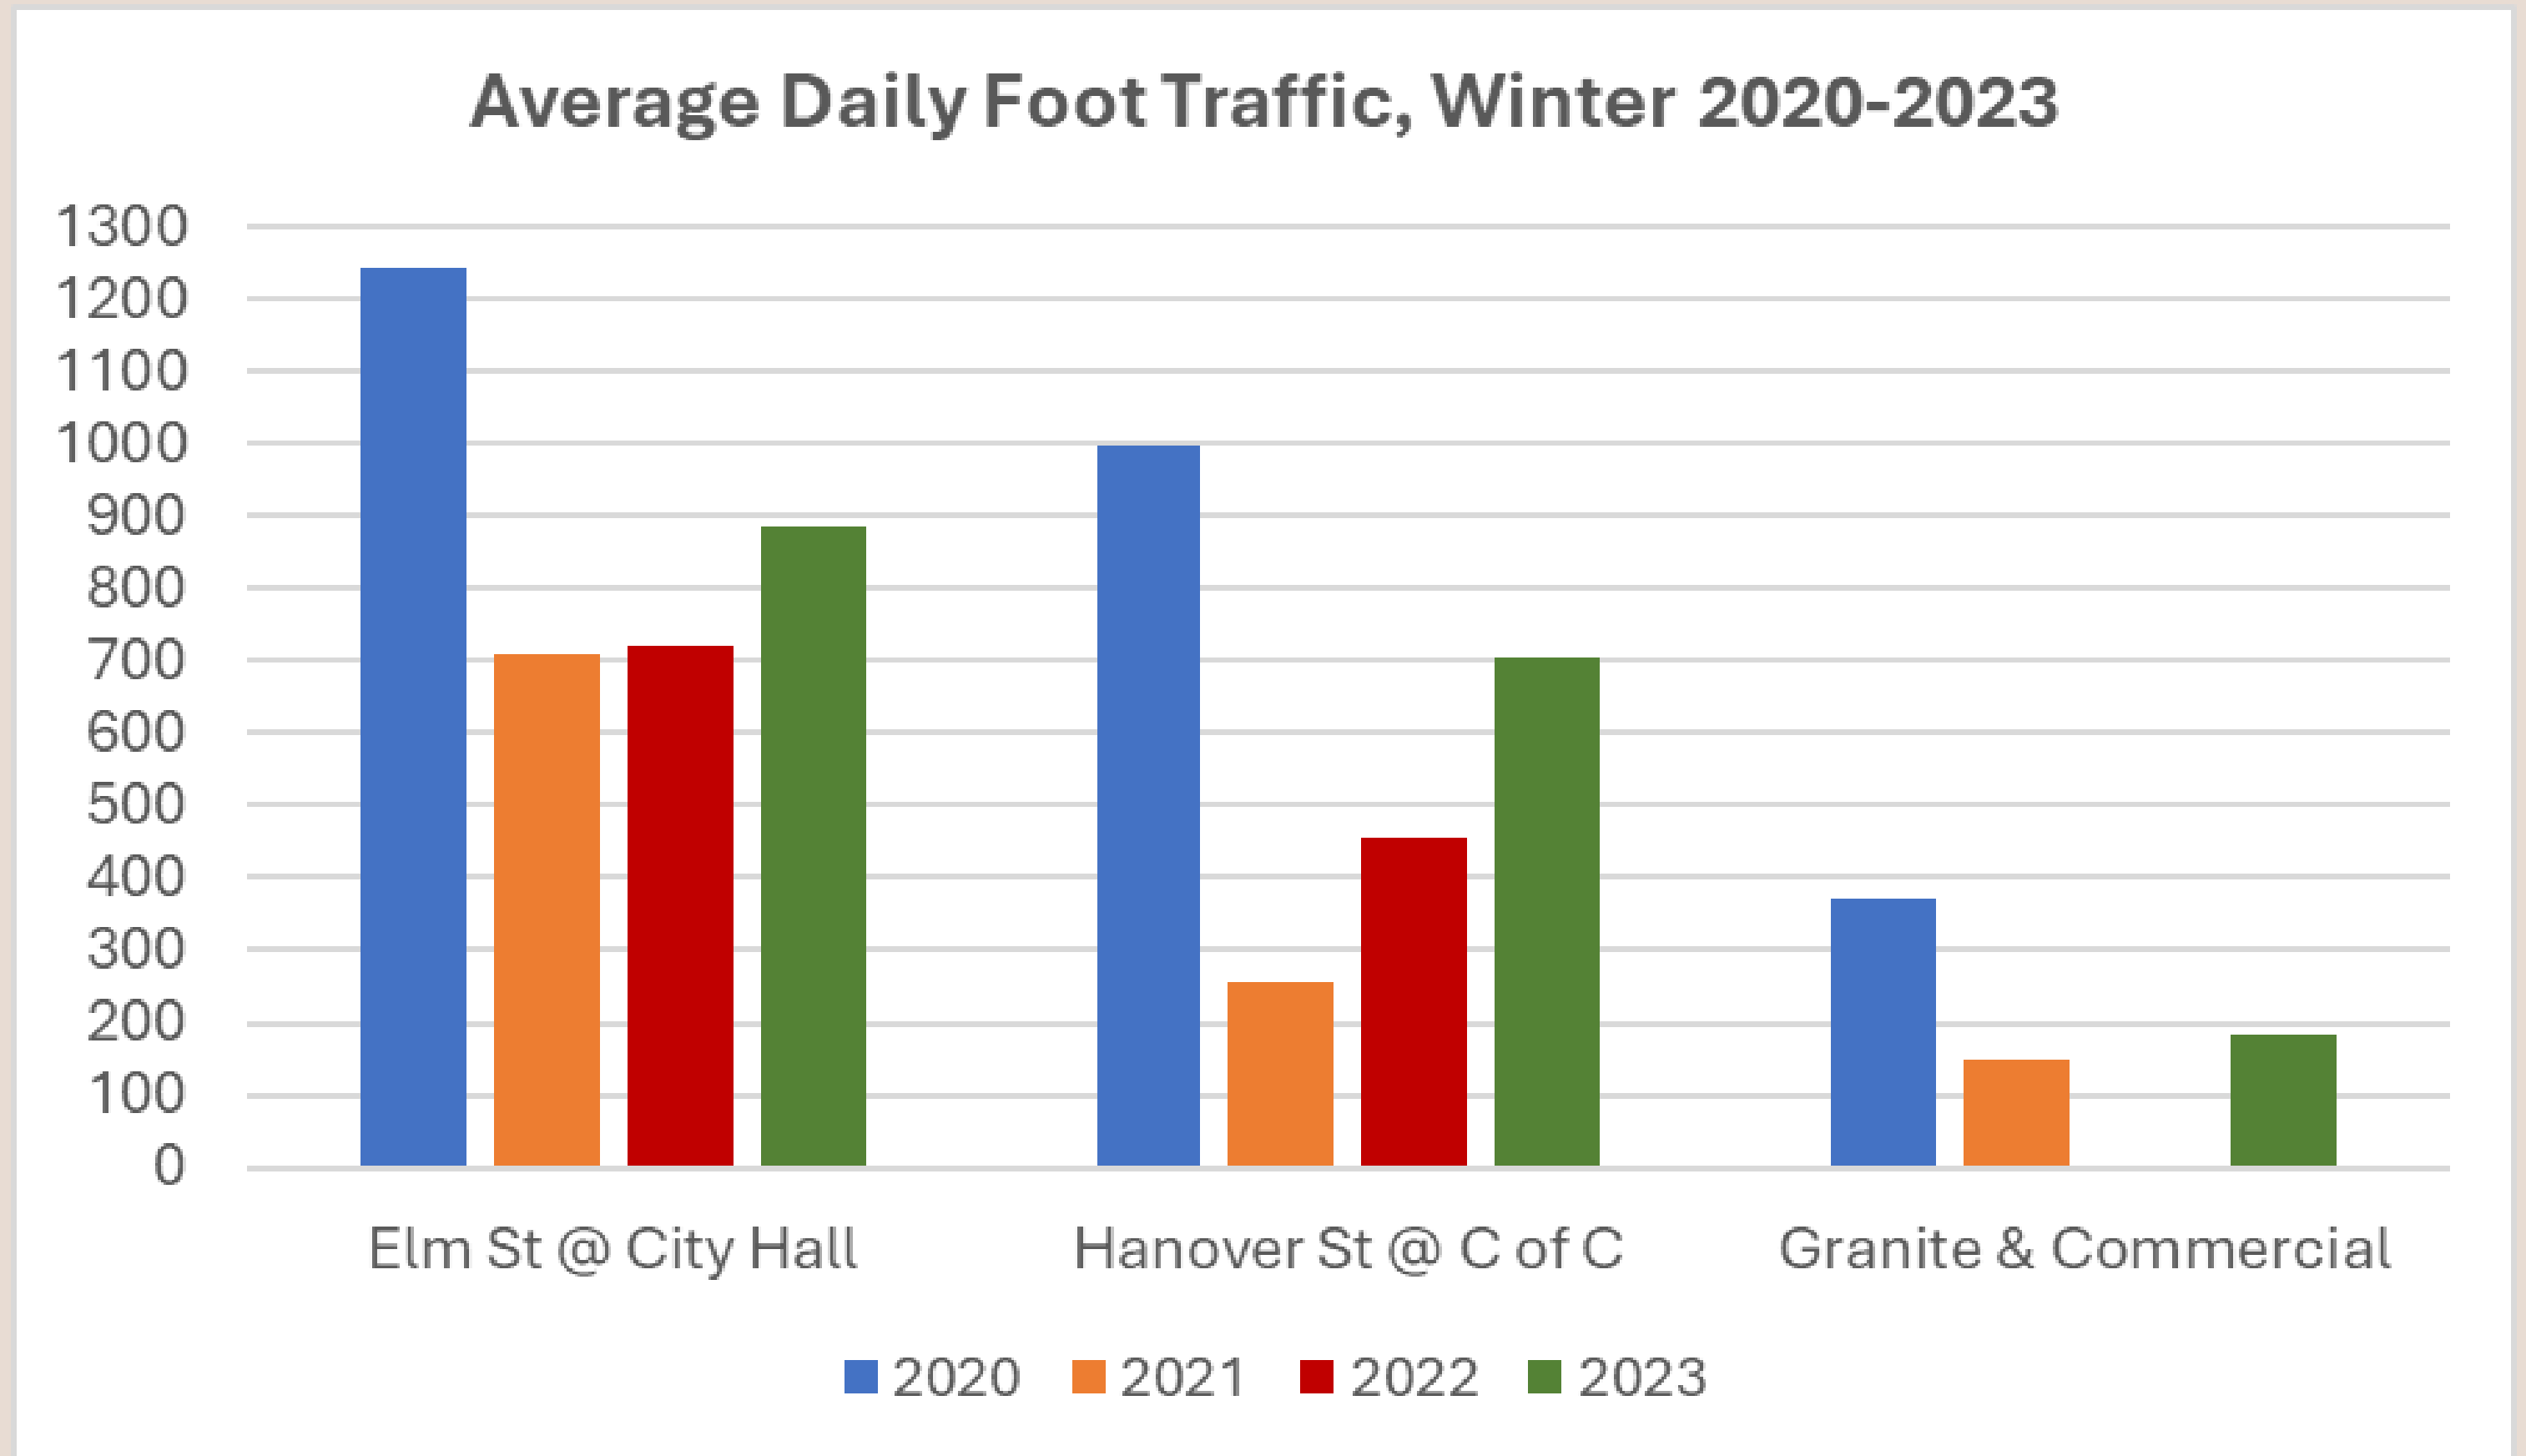

Methodology:

Multiple counts were conducted on each trail for 2-week periods from April-June, 2022 and 2023.

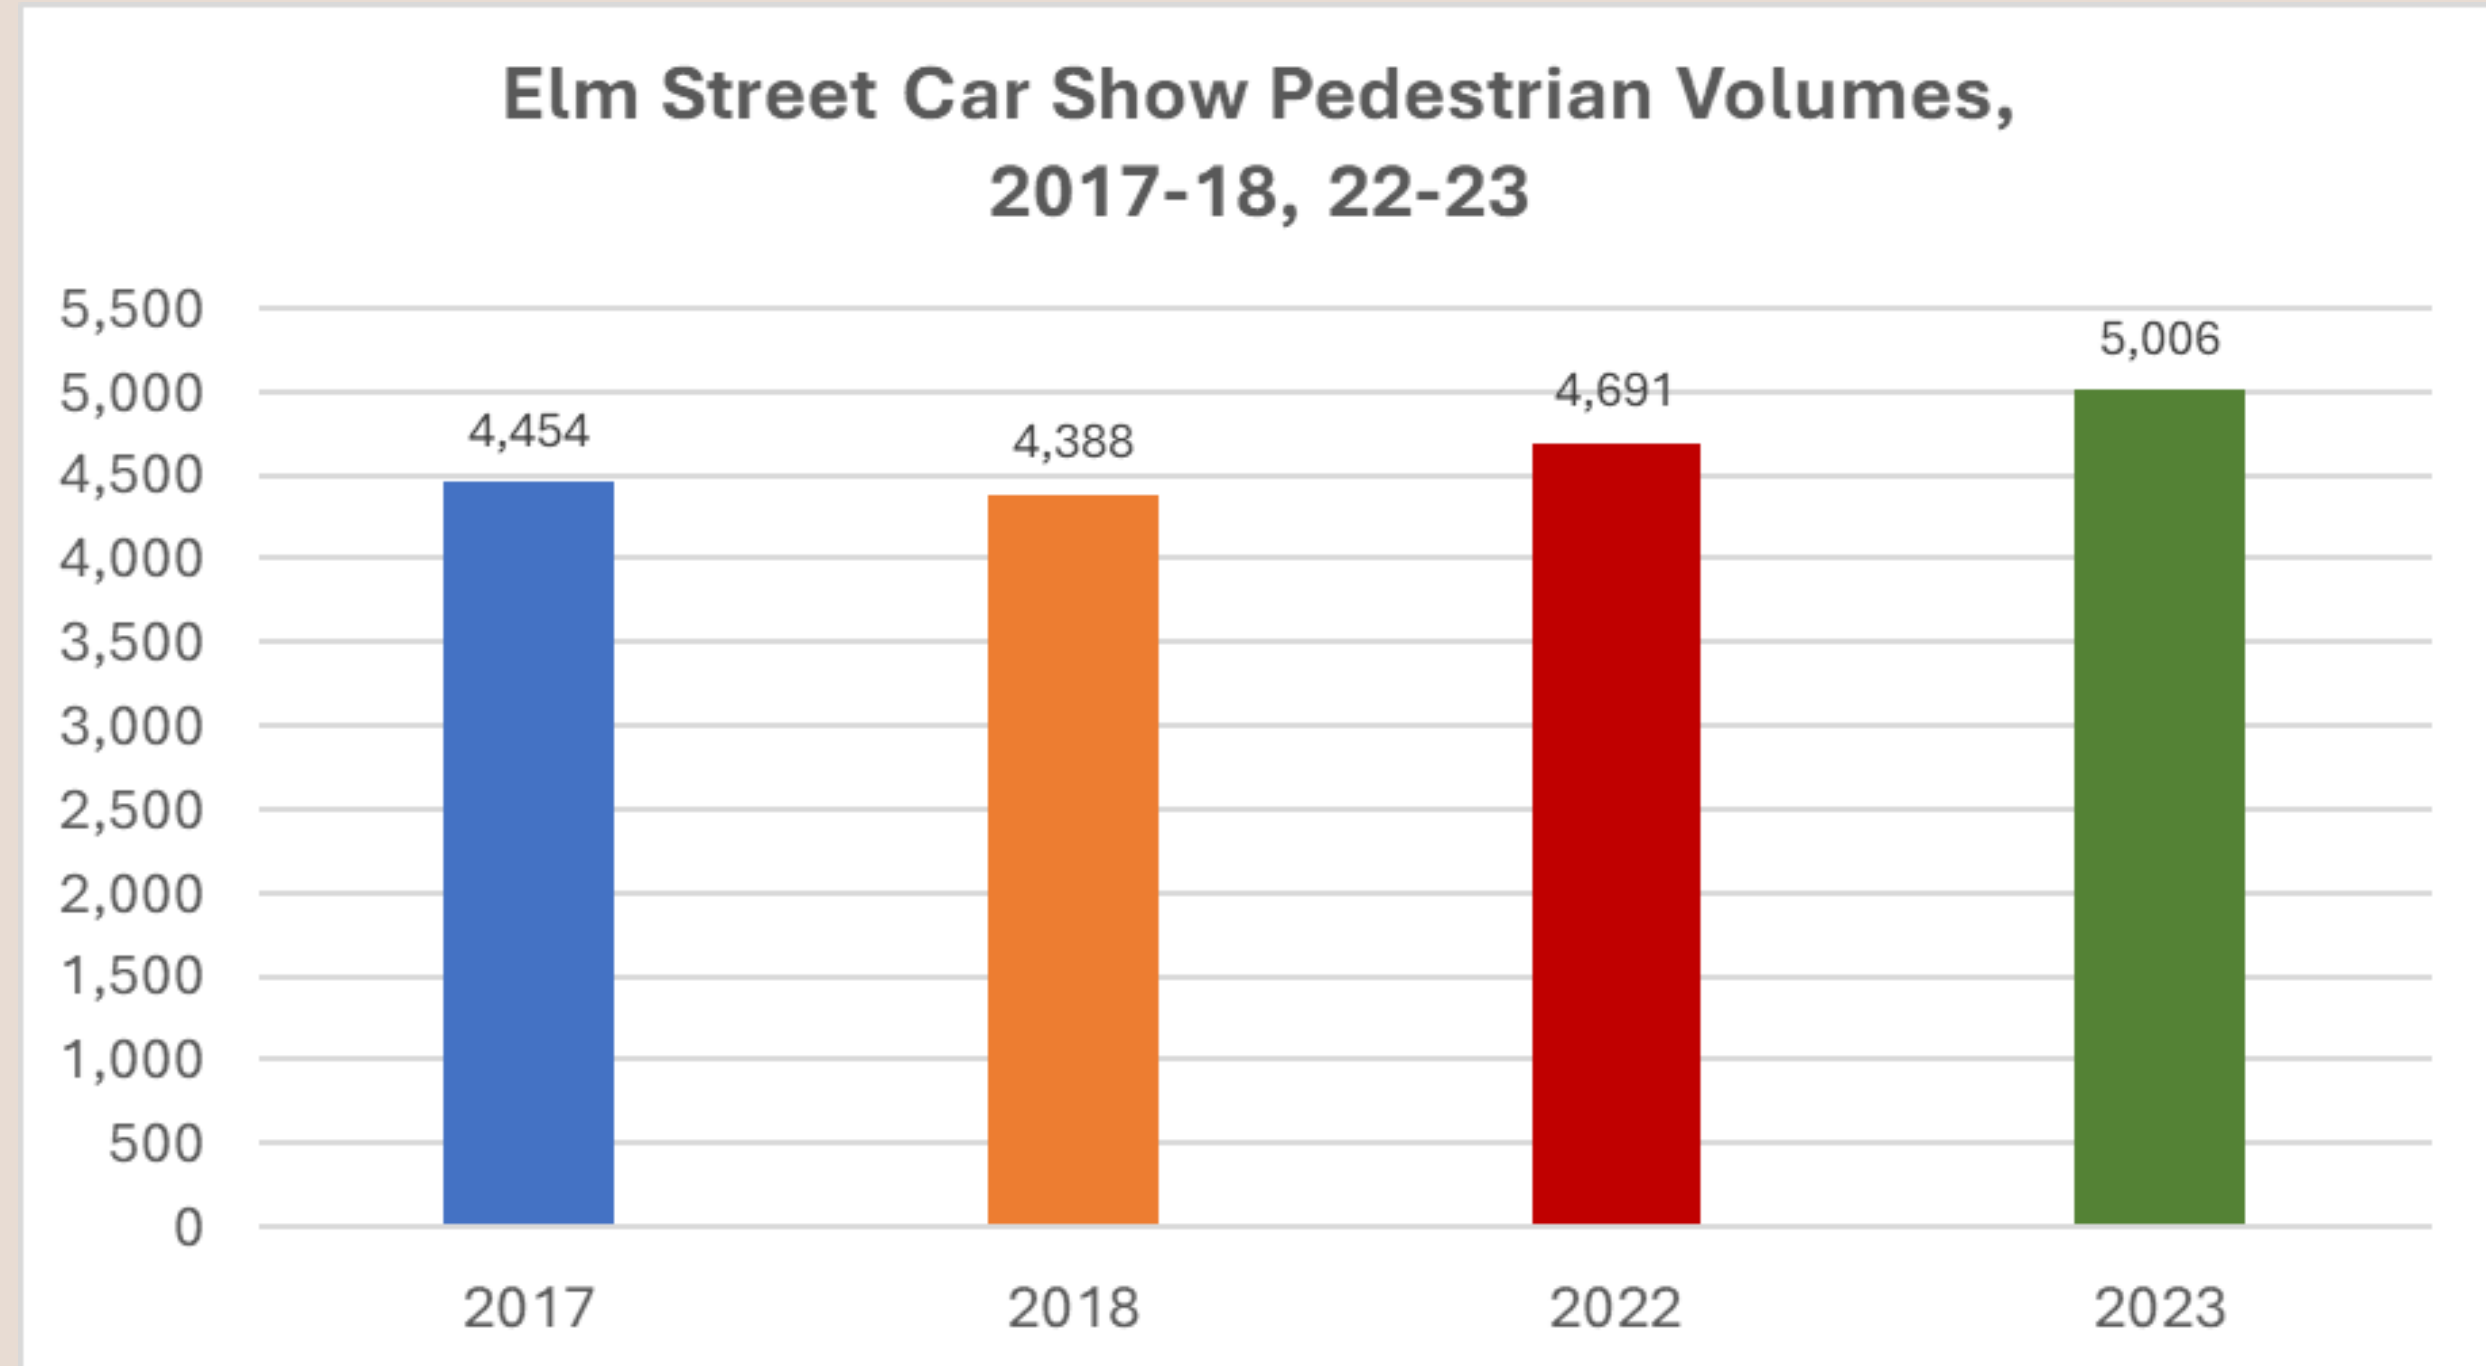

Daily usage figures are averaged from locations on each trail.

For more information/data, please contact Sr. Transportation Planner Adam Hlasny (ahlasny@snhpc.org, 603-669-4664)
